RESPONSE TO ELECTION OF SPECIES

Mail Stop Amendment Commissioner for Patents P.O. Box 1450

Alexandria, VA 22313-1450

Sir:

This responds to the Election of Species Requirement, dated August 29, 2008. The Examiner has identified the application as containing claims directed to more than one distinct species. The Examiner has required the Applicant to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted. The Examiner believes there are no generic claims. Applicant has been advised that a response to this requirement shall include an identification of the species that is elected and a listing of all claims readable thereon.

In response to the Examiner's requirement, Applicant elects Species II, Figures 3-4 without traverse, for examination on which at least claim 2 and 14-16 are readable (Applicant has amended claims 14-16 in a concurrent filing so that these claims depend from claim 2).

Applicant submits that if any of the elected claims is found to be allowable, claims dependent therefrom should similarly be considered allowable in the same application.

Applicant reserves the right to file a Divisional Application directed to non-elected claims.
